H. WAMSLEY HURT TRAIN HITS CAR

PROMINENT ARKOE FARMER NARROWLY ESCAPES DEATH

IS BROUGHT TO HOSPITAL

Northbound Burlington Passenger Collides With Auto on Crossing — Son is Unhurt

Harry Wamsley, a prominent farmer living near Arkoe, was badly injured today when the car he was driving was struck by the north bound Burlington passenger at the railroad crossing south of Arkoe.

Wamsley and his son, George, were driving to Arkoe and on account of the storm curtains being on, neither heard or saw the approaching train. The train hit the car squarely at the side and it was carried north of the station at Arkoe before the train could be stopped.

The injured man was immediately put on the train and hurried to St. Francis hospital in this city where he is being taken care of. His wounds are not critical but are severe. His head, face and shoulders are badly cut up by the broken parts of the car and he suffered numerous bad bruises and sprains. The son escaped with practically no injuries.

The car, a Buick-six was completely demolished.

GIVEN FIVE YEAR SENTENCE FOR BURGLARY—PAROLED

Jasper Seals Convicted Yesterday in Trial at Grant City—Paroled by Judge Dawson

Jasper Seals of Maryville was convicted of burglary by a jury in the Worth county circuit court yesterday and his sentence was fixed at five years in the state penitentiary. For good cause shown Seals was paroled by Judge Dawson. Seals was charged with breaking into a hardware store at Grant City several months ago and Henry Hawk, who is now in the state penitentiary, was the ring leader of the robbers.

CHARGED WITH THEFT OF SEVEN HOGS IN 1916

James Reed Apprehended Today by Sheriff Dowden—Hogs Property of W. T. Jackson

Charged with the theft of seven hogs three years ago, James Reed, living north of Parnell, was brought to Maryville today by Sheriff Dowden.

At the preliminary examination held in justice court, Reed was released on $1,500 bond and his preliminary hearing set for Friday, Nov. 21.

Reed is alleged to have stolen seven hogs from W. T. Jackson living near Ravenwood. During the time he has absented himself from Missouri, returning to this county some time ago. The alleged theft took place in 1916.

CITY WATER SERVICE WILL BE RESUMED BY NIGH.

Repair Work at Pump Station Delayed by Inability to Shut off Flow of Water Into Intake

Plenty of water by evening is now practically assured by the city water company. The work at the pumping station has been slow because the flow of water into the intake pipe could not be shut off sufficiently to allow the workmen to clean the mud deposits out of the suction boxes, brought in by the flood waters. The repair work is being pushed as rapidly as possible and the expectation this afternoon is that the water will be turned on by 6 o'clock.

This will assure no curtailment of electric light and power service tonight unless something unforeseen should occur. The light service depends upon the resumption of water service. Both the Teachers College and the public schools were closed today because of the lack of water for the boilers of the heating plants.

Henry Bremer Improving.

Henry Bremer, who is at St. Francis hospital taking treatment, seems to be improving a little now. Mr. Bremer, it will be remembered, suffered a relapse from measles while in training at Camp Funston. It seems pneumonia developed and from this an abscess formed and which necessitated a number of operations, which at no time have been a success. It is now thought the present treatment will be a success. His many friends hope for a permanent recovery.—Ravenwood Gazette.

SUGAR CONTROL WAS WISE PLAN

HOOVER POLICY VINDICATED BEFORE INVESTIGATORS

WOULD EXTEND SYSTEM

Prohibition Has Increased Sales — Control Only Means of Securing Adequate Supply

Washington, Nov. 14.—Complete vindication of the administration's policy of controlling sugar during and since the war was given by Herbert Hoover, former food administrator, in his recent testimony before the Johnson subcommitte investigating war expenditures. It developed that since the armistice President Wilson has been guided by the advice of those who favor control of sugar as a means of insuring an adequate supply and distribution as well as lower prices. Recommendation has now been made for an extension of the system of control and allocation.

Mr. Hoover's statements showed that there were two schools of opinion as to the manner of meeting the shortage of sugar. One group contemplated removal of all domestic restrictions and the free play of competition in the purchase and disposal of the Cuban and other important crops. This would have meant the sale of these crops to the highest bidders, with prices reflecting the competitive conditions. There was no prediction as to how high prices would rise under this scheme.

The alternative plan proposed continuance of federal control and international buying and allocation, thus permitting purchase of crops and existent supplies at reasonable figures, and keeping sugar even during the war and the subsequent period of shortage as low as ten and eleven cents a pound. It was this course that the government adopted. Mr. Hoover explained.

Congressman Bland, junior Republican member of the committee, summoned Mr. Hoover to testify regarding the sugar dispensed in relief work abroad and sold to foreign governments through the A. E. F. and the army's sales agencies in France. It was apparent that Mr. Bland hoped to demonstrate that these sales and gifts of sugar were responsible for the shortage in the United States. Mr. Hoover made it clear that abnormal increase in the consumption of sugar in this country caused the scarcity.

This increase, beginning last spring, and seemingly accelerated by prohibition, Mr. Hoover said, grew from 72 pounds to 93 pounds per person. The largest consumption heretofore, Mr. Hoover said, was 84 pounds per person. Consumption in the United States was a little more than 2,000,000 pounds a day in the manufacture of candy alone, Mr. Hoover said. This would approximate also the amount distributed by the American relief commission to the stricken countries of Europe. The sugar given to Russian prisoners, Mr. Hoover said, equalled only one-twentieth of one day's consumption in the manufacture of candy in this country.

Representative Bland sought to make an issue of the sugar sold through the A. E. F. abroad. This totaled 22,000,000 pounds, Bland said. Mr. Hoover showed that even this quantity would be sufficient for only a few days needs in candy making and that most of that sold or given away went to starving children and others in various parts of Europe.

WM. ARMSTRONG MAKES STATEMENT OF AFFAIR AT CASPER

William Armstrong returned yesterday from Casper, Wyo., where had been called by his son, Hugh Armstrong, who is involved in a shooting affray. Mr. Armstrong has issued the following statement relative to the trouble:

"I want to say to my life-long neighbors and friends in Maryville that many mistakes and misstatements have been made in the reports of the shooting at Casper, with which my son, Hugh Armstrong, and Roy Martin are charged. I ask all to withhold judgment until advised of the facts as developed in the court trial. I believe with all my heart that neither of the boys is guilty of the charge made. The date for the trial had not been fixed when I left Casper.

RAVENWOOD GIVES RETURNED SOLDIERS BIG ENTERTAINMENT

Rains Cancel Township Barbecue and the Boys Are Given an Oyster Supper and Movies

Owing to the severe rain on last Sunday, which caused the canceling of the barbecue to be given in honor of the soldiers, sailors and marines, the people of Ravenwood and vicinity decided to entertain the boys with a free oyster supper, pie, peaches and cake.

At six o'clock, the boys mostly in uniform at the call of their bugler formed in line in front of the McMulin store and marched to the I. O. O. F. hall, where one of the best suppers ever served in Ravenwood, was in waiting for the boys who served in the World war, the Spanish American and the civil war, their families and friends. After supper, they marched to the opera house where a good program was rendered followed by a pitcure show all being free. The house was filled to overflowing and the entire evening was a grand success. Several soldier boys from a distance were welcome visitors here.

Those present were: John Ball, Hallie Bradley, Lewis Comer, Roy Cox, Harry Fryar, Grant Gates, Oscar Horton, Fay Henson, Lenoard Hawley, Glen Johnson, Carl Kessler, Willie Miller, John Midyett, Leland McKee, Obed Oglesby, Lee Powell, Dale Rhodes, Roy Teany, Ed Walker, Hannibal Wright, Orvel Ziegler, Ezra McMulin, Alva Rosler, A. V. Roseler, John VanHoustan, W. B. Gover, Jos. Meeks, Garland Headrick, Carl Judkins, Ora O'Banion, Jas. Heekin, Clem Giesken, Henderson Aley and Rev. Sidney Love.

Civil war veterans were: Jos Proctor David Flynn and W. P. Craig.—Ravenwood Gazette.

CLEARMONT CROWD AT TRIAL TODAY

PRELIMINARY FOR O. J. BURNS TO BE HELD TOMORROW

COUNSEL DEFENSE ABSENT

Attorney Kelley of Sedalia Fails to Appear—Many People From Northwest Part of County Are Here

Attorney Kelley of Sedalia, counsel for O. J. Burns of Sedalia, charged with burglary and larceny in connection with the Jackson bank robbery at Clearmont on the night of Oct. 25, failed to be in Maryville at the preliminary hearing of Burns set for this afternoon and the hearing was held over until tomorrow afternoon.

It is understood Burns will waive the preliminary and be bound over to appear for trial in circuit court in the January term.

His bond for appearance at the re-hearing tomorrow was set at $12,500, and in default Burns was committed to jail.

About one hundred citizens of Clearmont and vicinity were in Maryville today to attend the hearing. A series of crimes committed during the last two years at Clearmont and in this section of the county have caused an intense feeling among the citizens.

The robbery with which Burns is charged with having connection was one of a series of several burglaries on Oct. 25. The Jackson bank, the Matlock mercantile store, the Pratt & Son hardware store and the railway station were broken into. At the bank the parties took Liberty bonds, war savings stamps and other articles. At the Matlock store about $75 was stolen and small amounts from the other places.

ORGANIZED CLUB WOMEN WOULD DEVELOP THRIFT

Biennial Council of General Federation for Americanization, Thrift and Community Service

San Francisco, Nov. 13.—Americanization, thrift, community service, are the three outstanding activities of the organized club women of the United States for 1919. This was decided upon by the General Federation of Women's Clubs at their mid-biennial council.

The thrift campaign is under the direction of Miss Georgia A. Bacon, of Worcester, Mass., nationally for the general federation. Mrs. Edward Dexter Knight, former president of the California Federation of Women's Clubs, is California state thrift chairman and is also officially identified with the work in the Twelfth federal reserve district under Robert E. Smith, director of the war loan organization. She is engaged at present in working out a practical thrift "suggestionaire" for use of women's clubs throughout the Twelfth federal reserve district.

"The time for inspirational talks and writing on thrift is past," said Mrs. Knight. "The big thing now is to practice it. I think the suggestionnaire will help women of the west to practice it.

"We are far behind our war savings stamp quota in this district. It is up to the women to see that we lend the government the money it has asked. In the average family the women hold the purse strings and they can save the money required by putting war savings stamps in their family budgets every week."

Digs for Water—Gets Oil.

Matton, Ill., Nov. 14.—Edward D. Champion wanted water for his horses. He is a wealthy farmer of Coles county and owns several large herds of horses. For many years the problem of supplying them with water disturbed him. He couldn't get it by digging wells on his farm. Last week he tried the well digging scheme again. Fifty-one feet down workmen were hurled aside by a natural blast that threw mud and water everywhere. This was followed by a heavy flow of gas and oil. The discovery promises to increase Mr. Champion's wealth, as he is considering the development of his find to supply gas, light and fuel to surrounding cities.

Will Bosch Sells 40 Acres.

Will Bosch has sold 40 acres of the 80-acre farm he recently bought of Mr. Tibbetts, one mile north of Maryville to Ralph Pierpoint. The consideration was $227.50 per acre. The deal was made by Nash & Woodard.

D'OLIER OF PHILADELPHIA HEADS AMERICAN LEGION

1920 Convention at Cleveland—Would Have Congress Consider Advisability of Awards

Minneapolis, Minn., Nov. 14.—The first annual convention of the American Legion came to a close at 9:30 o'clock Wednesday night. It was decided to open the 1920 convention at Cleveland, Ohio, on Sept. 27. The convention probably will last three days.

After an exciting afternoon session, in which the soldier bonus issue was debated with vigor, the first annual convention of the American Legion Wednesday night elected Franklin Franklin D'Olier of Philadelphia as its national commander and voted to have congress consider the advisability of approving further bonuses for service men.

Shortly before final adjournment Wednesday night five vice chairmen were elected. They are:

Allen A. Tukey, Omaha, Neb.; James O'Brien, San Diego, Calif.; Joyce P. Lewis, Long Prairie, Minn.; Alden R. Chambers, Winthrop, Mass.; and William B. Follett, Eugene, Ore.

The title of past national commander was conferred upon Mr. Lindsley. He had been acting head of the Legion since the meeting at St. Louis last spring.

Rev. Francis A. Kelly of New York was elected national chaplain.

RAILROAD AGENTS VIRTUAL FUEL ADMINISTRATORS

Real Shortage Should Be Taken Up With Railroad—Efforts Made to Meet the Demand

The railroad agents all over the country have virtually become fuel administrators during the present bituminous coal shortage. The regional directors of railroads have been given authority to eliminate train service wherever necessary to preserve the essential business of the country. The following bulletin, showing the intent of the railroads in aiding during the coal strike, has been issued by the railroad administration:

The machinery set up by the railroad administration distributes the coal held in transit by the railroads in accordance with the directions of the fuel administrator is in full operation and as a result wherever possible coal is being distributed in accordance with the priority list established by the fuel administrator where such coal is absolutely needed, therefore, where there is a real need for coal the problem should be taken up immediately with the railroad ordinarily supplying the coal and every effort will be made by such railroad to meet the demand.

It is of course essential, both because of the present bituminous coal strike and in order that the needs for the coming winter may be looked after that fuel be used as economically as possible. It should be remembered that the railroads did not interfere with the delivery of coal to designated consignees until the day before the present strike began.

In order to conserve coal as much as possible, regional directors of railroads have been given authority wherever it seems absolutely necessary to eliminate for the time being train service, but in order to provide for the essential business needs of the country no general curtailment of train service is contemplated. The maintenance of the public transportation service is of paramount importance in order to serve the countless needs of the general public, and the interruptions of that service should be minimized as far as posisble.

Kansas to Reclaim Land.

Topeka, Kan., Nov. 14.—To reclaim more than a million acres of Kansas land is a task facing George Knapp, Commissioner of State Irrigation, former superintendent of the plant at Garden City. According to Mr. Knapp, only 40,000 acres are now being fed by pumping plant and the rest of the million acres would mean a doubling of the homes in the Sunflower State if people but understood the wealth in irrigated land.

WORK RESUMED AT BUT FEW MINES

REAL CONFERENCE WILL BE DEFERRED UNTIL MONDAY

60 DAYS BEFORE NORMAL

Miners Will Not Return to Work Until New Agreement is Made With Operators, It Is Predicted

Washington, Nov. 14.—The conference between the coal miner officials and the operators to be held today was not called until 2:30 o'clock this afternoon because Secretary J. J. Lewis and many representatives of the operators coming from western points would not arrive until late. Saturday and there was a general movement to make todays meeting a formal one and defer the work until Monday when both sides will be carefully represented.

It will be sixty days before normal coal production is resumed despite the conference, according to the statement made by Secretary-Treasurer Green of the Mine Workers union upon his arrival here today. Green predicted that the miners would not return to work until a new agreement was made with operators in the conference.

Indianapolis, Nov. 14.—Indiana's mines remained idle today the state's twenty five thousand coal miners apparently being determined to await the outcome of the Washington wage conference before making any more toward the resumption of work.

Cheyenne, Wyo., Nov. 14.—Negotiations between the Wyoming coal operators and the representatives of the mine workers of district twenty two were at a deadlock today and the hopes of the immediate return to work of eight thousand striking miners went glimmering.

Lightning Fires Switchboard.

Fire which was started by a bolt of lightning during the rain storm Sunday morning, did considerable damage to the telephone equipment in the central office.

Miss Nelle Stafford, who was operating the board at the time, discovered the equipment back of the board in flames and ran downstairs for assistance. She met Doctor Hindman at the foot of the stairs and he was successful in extinguishing the flames. The fire did considerable damage to the equipment and the electrical storm and wind caused a general mix-up of the extension work. One cable was burned in two as a result of coming in contact with an electric light wire. The lines were badly crossed and Ed Moore has been busy this week trying to get them straightened out.—Burlington Junction Post.

Jealous Hubby Burns Auto.

Whitehall, Ill., Nov. 14.—"Hell hath no fury like the 'man?' scourned!"

George Mayberry was suspicious of his wife and William Arnold. He said they went automobile riding in Arnold's car frequently. One day Mayberry followed his wife and Arnold on a little trip. The couple left the car on the roadside. When Mayberry came upon the abandoned machine he hauled out a quantity of straw, stacked it under the car and set fire to the automobile, according to allegations made by Arnold in court, who had Mayberry arrested on an arson charge.

UNION REVIVAL MEETINGS TO BE HELD AT HOPKINS

Four Pastors Will Unite in Holding Series of Services — A Large Choir to Furnish Music

A revival meeting different from any ever held in this city will begin at the Christian church next Sunday night, the four different churches of Hopkins having decided to hold a union revival.

The services will be held four nights in each of the four churches until the rounds have been made, when other arrangements may be decided on.

This union effort is in harmony with the spirit of today and the pastors express the hope that all church people will enter heartily into the work and that each church and the entire community may be greatly benefitted by these meetings. The time is ripe for a great awakening in this community and if the ministers are given proper encouragement and support these meetings will not be held in vain.

There will be good music by a union choir and the sermons will be along lines that will be well worth hearing. Decide to go and take your friends with you. There is nothing more inspiring to speakers than large audiences and if the weather is nice it is believed that the different churches will be filled at these special union services.

Remember, the meetings will begin next Sunday night at the Christian church, to continue indefinitely.

Here are the pastors taking part: Rev. Ben Gillispie, Christian church; Rev. D. F. Stiles, Methodist church; Rev. J. A. Carriker, Presbyterian church; and Rev. R. R. Watts, Baptist church.—Hopkins Journal.

"He Beat Us to It."

"There is nothing new under the sun." There is now a common slang expression, "nobody home," signifying that the one to whom it refers is witless, dull, has a hollow head. Yet Alexander Pope, who died 175 years ago, wrote this couplet:

"You beat your pate and fancy wit will come;
Knock as you please, there's nobody home."

Social Hour Club.

The Social Hour Club met at the home of Mrs. J. F. Hanna Wednesday afternoon. The members responded to roll call with Bible verses. During the afternoon Mrs. W. A. Spangler gave a reading and little Miss Verlene Wilson sang a solo entitled, "October." Mrs. Hanna was assisted in serving refreshments by Mrs. Walter Runnels and Mrs. Leslie Hanna. The guests and members present were Mrs. Parle Runnels, Mrs. Walter Runnels and daughters, Eldena and Lillian, Miss Tressie King, Mrs. C. A. Loch, Mrs. Joseph Everhart, Mrs. Ernest Stafford, Mrs. W. P. Scott, Mrs. Omar Strong, Mrs. Edgar Houston, Mrs. Rich Spurgeon, Mrs. Charles Fakes, Mrs. Murt Morris, Mrs. Theo Gray, Mrs. Will Spangler, Mrs. Roy McMullen and daughter, Eva Laverne, Mrs. Denver Loch, Mrs. George Porterfield, Miss Annice Scott, Mrs. Art Wilson and daughters, Verlene and Dorothy, Mrs. J. L. Hanna and the hostess. The next meeting will be Tuesday, Nov. 25, with Mrs. Edgar Houston. On account of the bazaar to be given by the ladies of the Pickering Christian church the meeting has been postponed to Tuesday afternoon.

To St. Joseph Recital.

Miss Alyse Swedberg of the Conservatory of Music faculty, Miss Hallie Black, Miss Halcyon Hooker and Miss Wave Hornbuckle attended the second number of Mrs. Francis Henry Hill's concert course, which was given at the Auditorium in St. Joseph last night by Joseph Lhevinne, Russian pianist, and Jacques Thibaud, French violinist.

Mr. and Mrs. Floyd Bagley, accompanied by J. W. Ray, left this morning for Kiowa county, Colo., on land business.

Your Family's Future

Is probably of more importance to you than any thing else. It is really for them that you work and save money and build a home.

In providing for their future the Farmers Trust Company can be of the greatest help to you, because it will give you the services of experienced men in planning the handling of property, making of wills and administration of estates.

An account with the Farmers Trust Company can be used as the nucleus of a fortune for them or it can be made to pay life insurance premiums or otherwise provide for the future of your family in case your support is taken from them.

A savings account opened for members of the family will help them to accumulate and save money and pay them interest compounded semi-annually.

Has Something New

For more than three years we have operated an exclusive tire repair and rebuilding plant.

Intensive study of the thousands of tires we have repaired and rebuilt has enabled us to constantly improve our methods, and with modern machinery to turn out work that is unsurpassed in quality.

WE HAVE NOW PERFECTED A

DOUBLE FABRIC CONSTRUCTION TIRE

We use an entirely new process devised by H. W. Kramer for vulcanizing the carcass of the tire, and when completed the carcass is almost twice as thick as that in a new tire and practically puncture and blowout proof. A cord type tread of the best quality of new rubber completes a low priced tire that has never been equalled for service.

The cost of rebuilding a tire by this method is only about

½ THE PRICE OF A NEW TIRE

Good Morning, Mrs. Housewife! I came to do your washing

and stop those headaches, sore muscles, blistered hands and headaches, says

Dr. Electric Washer

That's the kind of a doctor to have—one that comes and takes the hard work off your hands every wash day and keeps you well. And that isn't all—Dr. Electric is a lot cheaper than other doctors and nurses and hospitals. He will do the washing for five or ten cent.

What do you know about that?

Clubs and Churches

Methodist Bazaar.

The nineteenth annual bazaar given by the ladies of the First Methodist church came to a close this afternoon and is considered one of the most successful ones ever given by the church. The bazaar had been an annual affair until last year, when it was canceled on account of the war. About $126 was realized from the chicken pie dinner served yesterday noon and the fried chicken supper last night and the roast chicken and meat dinner this noon proved to be equally popular. A feature of the bazaar this year was the home made doughnut booth over which Mrs. Emma Eckles presided, and this department was a favorite. The sales in the fancy work, useful articles and candy booths were also very gratifying.

Mrs. Job Entertains.

Mrs. William Job entertained at dinner yesterday noon at her country home southeast of Maryville, when her guests included the members of the Pine Grove Club. Those present were Mrs. Bert Hiatt, Mrs. Roland E. Thomas, Mrs. W. J. Schaffer, Mrs. Guy Ray and children, Helen and Junior, Mrs. Joe Holloway, Mrs. George Lucas and her mother, Mrs. Frank Reeves of Olathe, Kans., Mrs. U. S. Attebery, Mrs. George Ingerson, Mrs. Jesse Ray and son, Jimmie, Mrs. Mary Gallagher and son, Robert, Mrs. Sam Chappell, Mrs. O. J. Willhoyte and daughter, Leora. Other members of the club are Mrs. L. M. Hayes, Mrs. George Pennington and Mrs. O. P. Wade. The afternoon was spent socially and the work for the coming year was planned.

MILK TOAST DIET TOO MUCH FOR HER

"I doctored for years with only temporary relief. My liver was very bad, after eating I would always have such a fullness in my stomach and my heart would palpitate. I could not eat milk toast without distressing me. Since taking a course of Mayr's Wonderful Remedy, more than a year ago, I can eat anything my appetite desires." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Maryville Drug Co., and druggists everywhere.
